

WOULD EXTEND SAVINGS BANKS

Board of Education Plans to Develop Teachings of Thrift.

As a proper field of development in connection with the general teachings of thrift in the public schools of the District of Columbia, the Board of Education at its meeting yesterday at the Franklin School authorized Superintendent Ernest L. Thurston to appoint a committee of its members to devise plans for an extension of savings banks in the graded schools. A recommendation was made that the Home Defense League and the Home Rifles and the National Capital Volunteer Guards, could have use of the assembly halls of the schools for conducting drills. This recommendation was made by Superintendent Thurston and was unanimously approved by the Board of Education.

To Use Dunbar School.

The board also approved the recommendation by Superintendent Thurston on a request by the president of the Civil Service Commission asking the use of the front of the assembly hall of the old Central High School and other third floor rooms as it may find necessary to hold examinations.

A request made by certain citizens in the vicinity of the Dunbar High School that the army in the school be used for the reception of negro army officers from the camp at Des Moines, October 19, with the understanding that the proceeds will be turned over to the playground fund was approved by the board.

Changes in the school personnel is as follows: Resignations—W. E. Buckner, teacher of carpentry, Cardozo Vocational; E. E. Page, sixth grade, Fillmore; M. C. Buckingham, second grade, Corcoran School; Mrs. H. McC. Bond, K. A. at Powell; M. F. Stoddard, fourth grade, Ludlow School; K. I. Deenan, first grade, Monroe School; E. C. Shedd, K. A., Thomson School; M. R. Browning, second grade, Franklin School; W. R. Simmons, janitor.

A New Face Without Surgical Skin Peeling

The surgical operation of face peeling is too radical, too severe. There is a better way of removing offensive complexion and one that is entirely safe and rational. Ordinary mercerized wax causes the dehydrated skin to come off, but gradually and gently. Unlike the surgical process the skin is not forcibly taken off in big pieces all at once, but almost invisible flaky particles are absorbed by the wax, and about two weeks are required to complete the transformation. There is no pain, no discomfort.

Nature renews complexion the same way, shedding tiny cutaneous scales day by day. But deficient circulation, or other abnormal condition, may interfere with the shedding—a "bad complexion" results. Then mercerized wax assists Nature by hastening the removal of the aged, faded or discolored top skin. This only the live, young, healthy-hued skin is in evidence, as in robust girlhood. This is why mercerized wax produces the indescribable beauty of ever renewing youth. The wax is put on at night like cold cream, and washed off in the morning. You can procure it at any druggist's; an ounce is sufficient.—Adv.

THEATERS FEAR TAX WILL EMPTY SEATS

Some Managers May Pay to Keep Patronage.

Theater and movie managers are wondering if the new tax of 10 per cent on the price of all admissions will cause an appreciable falling off in patronage when it goes into effect on November 1.

Some theaters are contemplating paying the tax themselves rather than risk partially filled houses. But for the most part stage and picture fans will have to come through with an extra dime for every dollar they spend on theater tickets.

Cabarets and roof gardens will come undisturbed, even though there is no charge made for admission to the dining rooms. Still, Washington should worry about that as after November 1, such places of amusement will probably be but a memory of the dead, dead past, anyway.

Responsibility for the collection of the war tax is placed upon the manager and not upon the company managers of the transient attraction. A daily statement itemizing the number of tickets sold at each price will be kept by the house and company managers. From these statements monthly tabulations will be made and furnished to the collector of internal revenue.

ARREST OFFENDERS IS PULLMAN'S EDICT

Superintendent of Police to Break Up Reckless Driving.

"All our plans are about completed and there is nothing more to do except arrest the offenders of the law, and we are certainly doing that extensively," said Superintendent of Police Raymond W. Pullman last night when questioned about the activities of the police in regard to the safety-first campaign now being carried on throughout the National Capital.

Nine-year-old Ernest Brist, of 400 Tenth street southeast, was severely hurt about the head and body yesterday afternoon at 2:30 o'clock when he was knocked down on D street, between Eighth and Ninth streets southeast by an automobile.

The child was taken home where he was treated by the family physician.

Although his leg was badly injured, Michael Herwitz, 400 R street northwest, refused hospital treatment yesterday afternoon after he was struck by an automobile while riding a bicycle at Tenth and E street northwest.

With bad cuts about the head 6-year-old Nathan Rose, colored, 66 Brewer's Court northeast, was removed to the Casualty Hospital late yesterday afternoon shortly after being struck, while playing in front of his home, by an automobile operated by Thomas L. Mortuaugh.

WILSON WRITES SUFFRAGE VIEW

Says in Letter to Mrs. C. C. Pickett Should Not Hurt Cause.

President Wilson is anxious to have the cause of woman suffrage viewed, not in the light of militant suffragist activities, but in the light of educational methods pursued by nonmilitants. He wrote to Mrs. Carrie Chapman Catt, president of the National American Woman Suffrage Association yesterday, in regard to the New York suffrage fight, as follows:

"My Dear Mrs. Catt: "May I not express to you my very deep interest in the campaign in New York for the adoption of woman suffrage and may I not say that I hope that no voter will be influenced in his decision with regard to this great matter by anything the so-called pickets may have done here in Washington? However, justly they may have laid themselves upon to serious criticism, their action represents, I am sure, so small a fraction of the women of the country who are urging the adoption of woman suffrage that it would be more unwise and argue a narrow view to allow their actions to prejudice the cause itself. I am very anxious to see the State of New York set a great example in this matter."

"Cordially and sincerely yours (Signed) "WOODROW WILSON."

The militant suffragists have not yet decided whether they will follow picketing tactics during the winter. The advisory council of the Woman's National Party yesterday announced a conference here on December 6, 7, 8 and 9, at which future policies will be laid down. A mass meeting is to be held at which Dudley Field Malone will be the chief speaker.

Honor will be done all pickets who are out of jail at the time of the meeting, a small medal being presented to each one.

Mrs. John Rogers, Jr., of New York, is chairman of the advisory council calling the December meeting but the call is signed by Alice Paul, national chairman.

Japanese merchants are using cans in which American oil has been shipped to that country. Vegetable oils are sent back to the United States in these containers, and they are then shipped back to Japan, empty, for use in the making of toys, tinware for cases, bottle caps and coasters.
